**Re: Supplemental Study of Advanced Treatment Options
Ruidoso and Ruidoso Downs**

Dear Messrs Higgins & Waters,

The New Mexico Environment Department/Construction Programs Bureau (CPB) has reviewed the Supplemental Study of Advanced Treatment Options, October 26, 2007, by Molzen-Corbin & Associates and find it to be in compliance with the bureau's requirements. This document is APPROVED.

CPB understands that Alternative 3, Bardenpho/MBR process without the use of tertiary membranes was chosen as the basis for design. Please advise CPB if this choice changes since a change could impact the Environmental Review.

If you have any questions please contact me at (505)222-9512 or via email at sandy.edens@state.nm.us.

Sincerely,

Walter A. Edens, Jr., P.E.
NMED/CPB Project Manager

cc: Molzen-Corbin & Associates
